SISTANCE, FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 1999, AND  
FOR OTHER PURPOSES

Mr. STEVENS, from the Committee on Appropriations,  
submitted the following

### REPORT

[To accompany S. 544]

The Committee on Appropriations reports the bill (S. 544) mak-  
ing emergency supplemental appropriations and rescissions for re-  
covery from natural disasters and foreign assistance, for the fiscal  
year ending September 30, 1999, and for other purposes, reports fa-  
vorably thereon and recommends that the bill do pass.

The accompanying bill addresses the President's supplemental  
requests contained in the 2000 budget appendix transmitted on  
February 1, 1999 (H. Doc. 106-3, volume II), budget estimate No.  
6, transmitted on February 16, 1999 (H. Doc. 106-27), budget esti-  
mate No. 7, transmitted on February 19, 1999 (H. Doc. 106-24) and  
budget estimate No. 8, transmitted on February 26, 1999 (H. Doc.  
106-32). In addition, the Committee addresses the special message  
submitted on February 1, 1999 (H. Doc. 106-14).

The Committee has recommended an original Senate supple-  
mental bill in order to expedite Senate consideration.

TITLE I—EMERGENCY SUPPLEMENTAL APPROPRIATIONS

CHAPTER 1

DEPARTMENT OF AGRICULTURE

OFFICE OF THE SECRETARY

EMERGENCY GRANTS TO ASSIST LOW-INCOME MIGRANT AND SEASONAL  
FARMWORKERS

1999 appropriation to date .....	.....
1999 supplemental estimate .....	.....
Committee recommendation .....	\$20,000,000

The Committee recommends \$20,000,000 through the Emergency Grants to Assist Low-Income Migrant and Seasonal Farmworkers Program to provide assistance to farmworkers in areas of California and Florida impacted by natural disasters.

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

CITRUS CANCKER ERADICATION

Citrus cancker poses a serious threat to the \$8,000,000,000 a year Florida citrus industry. This extremely contagious bacterial disease has been spread by hurricanes and other storm systems. The impact of the spread of citrus cancker is \$200,000,000 annually in increased production costs and market restrictions. Detection and eradication of the disease is possible with existing methods and technology.

The Committee urges the Secretary of Agriculture to utilize existing authorities to address this emergency and to report to the Committee within 30 days of enactment of this Act on the actions that have been taken to detect and eradicate this disease.

FARM SERVICE AGENCY

SALARIES AND EXPENSES

1999 appropriation to date .....	<sup>1</sup> \$754,499,000

<sup>1</sup>Includes \$40,000,000 in emergency appropriations provided by Public Law 105-277.

The Committee recommends an additional \$42,753,000 for Farm Service Agency “Salaries and expenses” to expedite the delivery of emergency and disaster assistance to farmers and ranchers. This funding will cover the cost of additional temporary staff to meet increased workload requirements.

<sup>2</sup> Includes \$13,696,000 in emergency appropriations provided by Public Law 105-277.

The Committee recommends \$41,300,000 to support an estimated \$175,000,000 in additional emergency disaster loans to provide assistance to farmers and ranchers for farmland, livestock, and crop damages resulting from natural disasters.

The Committee also recommends \$29,940,000 to support an estimated \$200,000,000 in additional direct farm ownership loans; \$5,565,000 to support an estimated \$350,000,000 in additional guaranteed farm ownership loans; \$12,635,000 to support an estimated \$185,000,000 in additional direct farm operating loans; and \$16,169,000 to support an estimated \$185,000,000 in additional subsidized guaranteed farm operating loans.

Depressed farm prices and natural disasters have resulted in exceptionally strong agricultural credit needs. The demand exceeds available resources and these loan funds are nearly depleted.

## EMERGENCY CONSERVATION PROGRAM

1999 appropriation to date .....	
1999 supplemental estimate .....	
Committee recommendation .....	\$30,000,000

The Committee recommends \$30,000,000 for the Emergency Conservation Program to provide cost-sharing assistance to farmers and ranchers for farmland damaged by ice storms, tornadoes, flooding, drought, and other natural disasters. The Secretary of Agriculture testified before the Committee on February 9, 1999, on the need for this supplemental funding.

RURAL HOUSING SERVICE  
RURAL HOUSING INSURANCE FUND PROGRAM ACCOUNT

Loan subsidies	Fiscal year 1999—

The Committee recommends \$1,182,000 to support an estimated \$10,000,000 in additional section 502 single-family housing loans, and \$352,000 to support an estimated \$1,000,000 in additional section 504 very low-income repair loans to meet rural housing needs in Puerto Rico resulting from Hurricane Georges. The Secretary of Agriculture testified before the Committee on February 9, 1999, on the need for this supplemental funding.

RURAL HOUSING ASSISTANCE GRANTS

1999 appropriation to date .....	\$41,000,000

CHAPTER 2

FUNDS APPROPRIATED TO THE PRESIDENT

AGENCY FOR INTERNATIONAL DEVELOPMENT

CENTRAL AMERICA AND THE CARIBBEAN EMERGENCY DISASTER  
RECOVERY FUND

(INCLUDING TRANSFERS OF FUNDS)

1999 appropriation to date .....	.....
1999 supplemental estimate .....	\$621,000,000
Committee recommendation .....	611,000,000

Total economic damages caused by Hurricane Mitch, including direct, indirect and replacement costs, have been estimated at

\$7,425,000,000. There have been more than 9,000 confirmed deaths and another 9,100 men, women and children remain missing. At least 3,000,000 people either were forced out of their homes or saw their homes destroyed.

The Committee intends that funds for reconstruction will be disbursed through non-governmental organizations and local governments whenever possible and appropriate. AID missions should encourage national reconstruction plans to be designed and implemented with substantial input from a broad range of citizens' organizations. In addition, funds should be used to strengthen relevant government agencies and non-governmental organizations to monitor and prevent the misuse of funds.

#### INTERNATIONAL DISASTER ASSISTANCE

1999 appropriation to date .....	\$200,000,000
1999 supplemental estimate .....	25,000,000
Committee recommendation .....	35,000,000

The Committee has provided full funding of the entire Administration request for recovery efforts. However, the Committee has provided \$10,000,000 less in Recovery Fund resources and \$10,000,000 more for the International Disaster Assistance account which has more flexible procedures for administering funds.

#### OTHER BILATERAL ECONOMIC ASSISTANCE

##### ECONOMIC SUPPORT FUND

1999 appropriation to date .....	\$2,367,000,000
1999 supplemental estimate .....	250,000,000
Committee recommendation .....	50,000,000

The Committee has fully funded the Administration's fiscal year 1999 supplemental request for economic assistance for Jordan. Historically, the Committee has earmarked resources for Jordan substantially in excess of funds requested by the Administration in recognition of the key role Jordan's leadership has played in the peace process. The Committee views full funding of the supplemental request as a strong statement of confidence in the new leadership of King Abdullah and support for his government's efforts to promote economic stability and reform.

#### MILITARY ASSISTANCE

##### FUNDS APPROPRIATED TO THE PRESIDENT

##### FOREIGN MILITARY FINANCING PROGRAM

1999 appropriation to date .....	\$3,330,000,000
1999 supplemental estimate .....	650,000,000
Committee recommendation .....	50,000,000

The Committee has fully funded the fiscal year 1999 supplemental Foreign Military Financing grant request for Jordan. This request will help meet key modernization requirements of the Jordanian Armed Forces including the procurement of spare parts and services to maintain U.S. equipment already in inventory, replacement of munitions stocks, the upgrade of the HAWK air defense system with the procurement of additional missiles, modernization

of ground forces with anti-armor systems, and the improvement of border security with training and selected equipment.

DEPARTMENT OF THE TREASURY  
INTERNATIONAL DEVELOPMENT ASSISTANCE  
MULTILATERAL ASSISTANCE  
DEBT RESTRUCTURING

1999 appropriation to date .....	\$33,000,000
1999 supplemental estimate .....	41,000,000
Committee recommendation .....	41,000,000

The Committee has fully funded the Administration's request. The funding has been made subject to the regular notification procedures of the Committee on Appropriations.

GENERAL PROVISION, THIS CHAPTER

*Drawn down Authority.*—Restores draw down authority for the Department of Defense to meet emerging requirements to other regions. The Committee intends that these replenished resources be used in regions other than Central America.

CHAPTER 3  
DEPARTMENT OF THE INTERIOR  
UNITED STATES FISH AND WILDLIFE SERVICE  
CONSTRUCTION

1999 appropriation to date .....	\$50,453,000
1999 supplemental estimate .....	12,612,000
Committee recommendation .....	12,612,000

The Committee recommends an additional \$12,612,000 for construction to repair damage due to rain, winds, ice, snow, and other acts of nature in the Pacific Northwest and Nevada. This amount is contingent upon receipt of a budget request that includes a Presidential designation of the amount requested as an emergency requirement as defined in the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

OTHER RELATED AGENCIES  
UNITED STATES HOLOCAUST MEMORIAL COUNCIL  
HOLOCAUST MEMORIAL COUNCIL

The Committee recommends \$2,000,000 in emergency funding for the Holocaust Memorial Council. This amount, which is to remain available until expended, will allow the Holocaust Museum to begin work immediately on priority security needs identified in a recently completed threat assessment survey.

CHAPTER 4  
INDEPENDENT AGENCY  
FEDERAL EMERGENCY MANAGEMENT AGENCY  
DISASTER ASSISTANCE FOR UNMET NEEDS

1999 appropriation to date .....	.....
1999 supplemental estimate .....	.....
Committee recommendation .....	\$313,600,000

The Committee is transferring responsibility for awarding disaster assistance to states for unmet disaster needs from the Department of Housing and Urban Development (HUD) to the Federal Emergency Management Agency (FEMA). The Committee is concerned over HUD's continuing failure to implement an effective emergency disaster relief program for the "unmet needs" of states with Presidentially-declared natural disasters. Instead, the Committee believes that FEMA is the appropriate Federal agency for addressing these unmet disaster needs since FEMA has primary responsibility for assessing and responding to all natural disasters and for administering most primary programs of disaster assistance.

In particular, FEMA is urged to review and respond appropriately to the needs of the Northeast for damage resulting from the ice storms of last winter. HUD failed to respond properly to these needs despite congressional concern over the ice damage. In addition, FEMA is directed to work with the State of Mississippi to address the damage resulting from the recent flooding in that state. The Committee understands that damage estimates provided by Mississippi total some \$66,000,000 for buy-outs and other assistance. FEMA is again urged to respond appropriately. The Committee also urges FEMA to work to ensure that the City of Kelso, Washington, receives such assistance as is necessary and appropriate to compensate homeowners in the federally-declared disaster area impacted by the Aldercrest landslide.

The Committee is concerned about creating a new Federal disaster program which may result in reduced state and local efforts to address disaster risks. The Committee urges the authorizing committee to review this funding and, if appropriate, establish program requirements and funding recommendations.

This amount is contingent upon the receipt of a budget request that includes a Presidential designation of the amount requested as an emergency requirement as defined in the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

GENERAL PROVISION, THIS TITLE

The Committee establishes an Emergency Steel Loan Guarantee Program to provide near term relief for U.S. steel producers. The Committee understands that the record level of 40,000,000 tons of imported steel in 1998 has severely injured the U.S. steel industry; that the steel import crisis has resulted in the loss of more than 10,000 American steel worker jobs; that the steel import crisis has impacted the U.S. steel industry by reducing production volume, lowering prices, creating financial losses, and diminishing the abil-

ity to obtain credit; that the steel import crisis is directly responsible for reductions in the tax base of cities, counties, and states; and that a strong U.S. steel industry is a critical element of the U.S. defense industrial base, and is necessary to the defense readiness of the United States.

The Committee recognizes the cash flow emergency resulting from the historic 1998 steel import surge, and directs the Secretary of Commerce, as Chairman of the Board established within the bill, to oversee the creation and administration of a guaranteed loan program at fair market rates to provide qualified U.S. steel producers access to a two-year, \$1,000,000,000 revolving loan guarantee fund. The Board created by this amendment is directed to implement a steel loan guarantee program that offers the maximum benefit to U.S. steel companies and protection to the taxpayers.

## TITLE II—SUPPLEMENTAL APPROPRIATIONS

### CHAPTER 1

#### DEPARTMENT OF JUSTICE

##### COUNTER-TERRORISM FUND

*TOPOFF exercise.*—The Committee understands the need for clarification of how the TOPOFF exercise should occur. In addition to the language provided in previous committee reports, contracting for this effort should be done with those organizations who have a known track record with ITRAP exercises. This actual exercise should be co-chaired and administered without notice by the Office of Justice Programs within the Department of Justice and the Response and Recovery Division of FEMA. The FBI shall be a participant of this exercise and not involved in its administration. Funding for this effort should be provided from available funds within the Counterterrorism fund. This new language should supercede any other report language where a conflict is apparent.

National Domestic Preparedness Office.—The Committee has reviewed the Department of Justice request for approval of the National Domestic Preparedness Office (NDPO). The Committee applauds the efforts of the unofficial Director of the NDPO. The Committee approves the Office contingent on the following changes to the “Blueprint.” The NDPO will consult with the States in the development and implementation of the national strategy for domestic preparedness; and the NDPO will build on existing all-hazard emergency management system capabilities of local, State, and Federal agencies and incorporate the standard incident management system. The Committee directs the FBI to request from Governors of each State and territory one point of contact which would have direct contact with NDPO.

Acts of terrorism are fundamentally local events. Local law enforcement and emergency first responders will be the first on the scene of any terrorist event in this country. Therefore, NDPO must not re-invent but, instead, build on existing structures and capabilities. The Committee understands that the primary duty of weapons of mass destruction (WMD) coordinators in the FBI field offices is to investigate crime scenes. In carrying out their additional responsibilities in the domestic preparedness program, the Committee expects the WMD coordinators to be trained in the incident command system and to fully cooperate with local, State, and Federal officials with whom they share the important responsibility of preparing and responding to acts of terrorism.

The Committee also approves the NDPO reprogramming contingent on the clear understanding that it's role is one of setting standards and coordinating training assets throughout the Federal Government. The role of the Office of Justice Programs (OJP)

should be to run all counter-terrorism training for the Department of Justice except for previously established programs. This training should be executed by the National Domestic Preparedness Consortium (NDPC) whenever possible. The Committee directs that if it is not possible for NDPC to be used then the Assistant Attorney General for the Office of Justice Programs shall report to the appropriate committees on why this is the case and what measures are being taken to rectify the situation. Within the Department of Justice, all decisions by NDPO on training standards and coordination shall be coordinated with the Assistant Attorney General for the Office of Justice Programs before implementation.

Future funding of the NDPO will be contingent on the Department ensuring the NDPO and FBI field offices fulfill the requirements of this report language.

IMMIGRATION AND NATURALIZATION SERVICE

SALARIES AND EXPENSES

ENFORCEMENT AND BORDER AFFAIRS

1999 appropriation to date .....	\$1,069,754,000
1999 supplemental estimate .....	80,000,000
Committee recommendation .....	80,000,000

The Administration is requesting \$80,000,000 in increased funding for detention, ostensibly to incarcerate Central Americans displaced by Hurricane Mitch. In fact, the current detention crisis is rooted in the failure of the Immigration and Naturalization Service (INS) to adequately budget for the mandatory detention of criminal and illegal aliens subject to deportation required by the Illegal Immigration Reform and Immigrant Responsibility Act of 1996. INS had 2 years to prepare, yet the Committee is now faced with a crisis similar to the disaster in naturalization that occurred 6 months ago. The Committee recommendation provides \$80,000,000 for the detention of criminal and illegal aliens. The Committee has been informed that an additional \$31,000,000 will have to be reprogrammed into the detention account to fully fund bed space needs in fiscal year 1999. The Committee also has been informed that the shortfall in fiscal year 1999 detention funding is matched by a shortfall in the fiscal year 2000 detention request. The Committee looks forward to working with the Justice Department to address this problem.

The Committee is concerned by the continuing failure of the Immigration and Naturalization Service (INS) to respond to requests for information and resource allocation pertaining to criminal and illegal alien detention as directed by the Committee. The Committee urges the receipt of previously requested reports on the following: (1) the feasibility of locating a permanent INS detention center at Salt Lake City, Utah and (2) the resources and training needed to address the overall INS mission in Utah, with specific reference to detention space and the number and distribution of agents assigned to the State.

FEDERAL PRISON SYSTEM  
 BUILDING AND FACILITIES

Within available fiscal year 1999 funds, not less than \$20,000,000 shall be provided for partial site and planning for three facilities to house non-returnable criminal aliens being transferred from the Immigration and Naturalization Service (INS) as requested in the fiscal year 2000 request. This funding should be provided from carryover balances in order to accelerate this program. One of these facilities shall be located in McDowell County, West Virginia. The non-returnable criminal aliens come from countries which refuse to allow their return. They are non-releasable by law or for reasons of public safety. The severity of the offenses include burglary, larceny, drug possession and sale, assault, and homicide. When the Bureau of Prisons takes custody of these aliens, it will free up bedspace that INS can use to house shorter term detainees awaiting deportation.

It is the intent of the Committee that any site selected for any of the three prisons would be required to meet the established site-selection criteria required by the Bureau of Prisons.

DEPARTMENT OF COMMERCE

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION  
 OPERATIONS, RESEARCH, AND FACILITIES

1999 appropriation to date .....	\$1,579,844,000
1999 supplemental estimate .....	5,000,000
Committee recommendation .....	1,880,000

The Committee recommends an appropriation of \$1,880,000 to support research, management and enforcement of new regulations in the Northeast multi-species fishery. The Committee does not recommend funding an additional supplemental request of \$3,120,000 due to funding constraints.

The Committee is aware of a \$5,600,000 shortfall in funding for the NOAA Corps retirement. These payments to retirees are not classified as mandatory until fiscal year 2000. Therefore, NOAA must provide \$5,600,000 in payments to retirees. The Committee directs the Secretary of Commerce to provide a reprogramming not later than June 15, 1999, to address the shortfall, of which \$1,100,000 should be transferred from NOAA's unobligated satellite balances. This funding had been proposed as an offset for an earlier reprogramming that was denied.

An additional recommendation of \$2,000,000 is made for the acquisition of shoreline data for nautical charts. Funding to offset this data acquisition is partially provided by rescinding funds from the Procurement, Acquisition and Construction account and the Operations, Research, and Facilities account for projects that are no longer an agency priority.

## THE JUDICIARY

## SUPREME COURT OF THE UNITED STATES

## SALARIES AND EXPENSES

1999 appropriation to date .....	\$31,059,000
1999 supplemental estimate .....	921,000
Committee recommendation .....	921,000

The Committee recommends \$921,000 in fiscal year 1999 to fund the hiring and equipping of 36 additional police officers to staff the security posts established to improve security for the Supreme Court. The Supreme Court is expected to provide to the Committee in fiscal year 1999 a report detailing the Court's security needs and related cost estimates for future improvements.

## CHAPTER 2

## DEPARTMENT OF DEFENSE—MILITARY

The Department of Defense has requested a total of \$188,500,000 within the jurisdiction of the Defense subcommittee in new budget authority, to address the emergency costs arising from the recent hurricanes in Central America.

The administration's request has designated \$132,500,000 to replenish operation and maintenance and military personnel accounts used during the response effort, and \$55,900,000 to fund expanded U.S. National Guard and Reserve New Horizons exercises. After consultation with the Department of Defense, the Committee recommends the following appropriations:

	<i>Committee recommendation</i>
Military personnel:	
Army Reserve .....	\$2,900,000
Army National Guard .....	7,300,000
Air National Guard .....	1,000,000
Subtotal .....	<u>11,200,000</u>
Operation and maintenance:	
Army .....	50,000,000
Navy .....	16,000,000
Air Force .....	8,000,000
Defense-Wide .....	21,000,000
Army National Guard .....	20,000,000
OHDACA .....	37,500,000
New Horizons Exercise Transfer Fund .....	46,000,000
Subtotal .....	<u>198,500,000</u>
Total .....	<u>209,700,000</u>

## ARMY NATIONAL GUARD

Based on the Army National Guard's review of full-time manning requirements in support of ongoing deployments and OPTEMPO, there is a shortfall in Military Technician pay through fiscal year 1999. The Committee recommends \$20,000,000 to the Army National Guard for this purpose. The Committee has also included an additional \$1,300,000 for further personnel costs associated with the New Horizons Exercises.

GENERAL PROVISIONS, THIS CHAPTER

SEC. 301. The Committee includes a general provision to clarify availability of funds included in the Fiscal Year 1999 Department of Defense Appropriations Act. The Department should follow usual reprogramming procedures to implement this program.

CHAPTER 3

DEPARTMENT OF THE INTERIOR

BUREAU OF INDIAN AFFAIRS

OPERATION OF INDIAN PROGRAMS

(TRANSFER OF FUNDS)

The Committee recommends \$1,136,000 for suppression of western spruce budworm on the Yakama Indian Reservation, where the budworm infestation has reached epidemic levels on 55,000 forested acres. Insecticide treatment during the summer months of 1999 is critical to minimizing timber losses on Yakama lands and on adjacent Forest Service and private lands.

BUREAU OF LAND MANAGEMENT

MANAGEMENT OF LANDS AND RESOURCES

The Committee recommends \$1,000,000 for the Bureau of Land Management's Wyoming and Montana state offices to pay for activities necessary to process Applications for Permits to Drill (APD) in the Powder River Basin, and for other costs associated with the APD approval process. This increased workload was unanticipated in the fiscal year 1999 budget. The use of the funds provided is limited by the bill language so that conflicts between coal mining and gas drilling operations will be minimized. The additional funds are derived from unobligated balances in the Automated Land and Mineral Record System program.

OFFICE OF THE SPECIAL TRUSTEE FOR AMERICAN INDIANS

FEDERAL TRUST PROGRAMS

1999 appropriation to date .....	\$39,499,000
1999 supplemental estimate .....	6,800,000
Committee recommendation .....	6,800,000

The Committee recommends an additional \$6,800,000 to support implementation of the Department's Trust Management Improvement Project. The amount provided is equal to the Administration's request. Funds would be used for the acquisition and implementation of an off-the-shelf, contractor-operated system to replace lease, natural resource, and land records systems of the Bureau of Indian Affairs; a data clean-up and backlog elimination effort; and improvements to the BIA appraisal program.

DEPARTMENT OF AGRICULTURE

FOREST SERVICE

WILDLAND FIRE MANAGEMENT

Bill language is included which transfers \$100,000,000 in unobligated balances from fire operations to the Knutson-Vandenberg fund (“K–V fund”). The transfer will repay, in part, the K–V fund for amounts previously borrowed for emergency fire suppression activities. This action is necessary because the Administration failed to release funds appropriated in the Interior and Related Agencies Appropriations Act for fiscal year 1997 (Public Law 104–208) for this purpose. The Committees are concerned that failure to repay the K–V fund could mean that important reforestation and other renewable resource activities will be neglected in the future. The Forest Service’s fire suppression capability, however, will not be jeopardized since it has \$352,000,000 in emergency contingency funds available and, in an emergency, may still draw against the K–V fund.

CHAPTER 4

RELATED AGENCY

CORPORATION FOR PUBLIC BROADCASTING

1999 appropriation to date .....	\$250,000,000
1999 supplemental estimate .....	11,000,000
2000 supplemental estimate .....	37,000,000
Committee recommendation .....	18,000,000

The Committee recommends \$18,000,000 in fiscal year 1999 to support a contract for satellite services. The Committee recognizes the need to provide resources for replacement satellite services for the Public Radio Satellite System, because of the unexpected failure of its satellite last year. During the regular fiscal year 2000 appropriations process, the Committee intends to provide the balance of resources required to secure replacement satellite services. The President’s budget request was for a fiscal year 1999 supplemental of \$11,000,000 and a \$37,000,000 fiscal year 2000 advance appropriation.

CHAPTER 5

DEPARTMENT OF DEFENSE

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

1999 appropriation to date .....	\$144,903,000
1999 supplemental estimate .....	.....
Committee recommendation .....	11,300,000

The Committee recommends an appropriation of \$11,300,000 to cover the incremental costs arising from the consequences of Hurricane Georges.

CHAPTER 6

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

MANAGEMENT AND ADMINISTRATION

OFFICE OF INSPECTOR GENERAL

1999 appropriation to date .....	\$81,910,000
1999 supplemental estimate .....	
Committee recommendation .....	

The Committee has included a technical correction requested by the administration which would extend the time period for the expenditure of funds for a new antifraud initiative from 1 year to 2 years. This will permit adequate time to implement properly this new initiative.

INDEPENDENT AGENCIES

COURT OF VETERANS APPEALS

SALARIES AND EXPENSES

1999 appropriation to date .....	\$10,195,000
1999 supplemental estimate .....	372,000
Committee recommendation .....	

The Committee has not recommended supplemental appropriations of \$372,000 for the Court of Veterans Appeals. The Committee understands there are funds available to reprogram for additional staffing requirements and is willing to consider expeditiously a reprogramming request.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

SCIENCE, AERONAUTICS AND TECHNOLOGY

The Committee is aware that the recent and unforeseen failure of the Hubble Space Telescope's (HST) third gyroscope poses a real threat to the project's mission and scientific utility until its next regularly scheduled servicing mission in mid-to-late 2000. The Committee is also aware that virtually all of HST's contingency has been redirected to other parts of the space science budget to address cost problems in other missions. For this reason, the Committee is sympathetic to the need for an emergency servicing mission later this year, as well as restoration of the Telescope's contingency reserves. Moreover, because the Committee believes that the HST is important to our understanding of the universe, NASA is directed to provide the Committee with an assessment of the operational status of the HST, including existing damage and risk of additional damage. As part of this assessment, NASA is directed to submit a workable response plan and schedule for repairing the HST gyroscopes, including a proposed timetable for a repair mission in this fiscal year or the next fiscal year, as appropriate. For the costs of any repairs to the HST during this fiscal year, NASA is directed to submit to the Congress a review of all program reserves within this account as well as an assessment of where funding can be reprogrammed from within this account or another ac-

count without an adverse impact on other activities. The Committee also requests an assessment of the viability of scheduling a shuttle mission to repair the HST, especially since a number of scheduled shuttle missions may slip due to delays in the construction of the International Space Station.

## CHAPTER 7

### DEPARTMENT OF AGRICULTURE

#### ANIMAL PLANT AND HEALTH INSPECTION SERVICE

The Committee is aware of a recent approval of \$5,200,000 available from the Commodity Credit Corporation for eradication of the Asian Long-horned Beetle, of which \$2,500,000 is set aside for the Chicago, Illinois area. The Committee commends the Animal and Plant Health Inspection Service [APHIS] for its prompt attention to the initial reports of infestation in Chicago. The Committee directs APHIS to move as expeditiously as possible to remove the infested trees in the Chicago, Illinois area and to work with the City of Chicago and the State of Illinois in their replanting efforts.

Allows the Forest Service to transfer funds appropriated in the Interior and Related Agencies Appropriations Act, 1999 (as contained in Division A, section 101(e) of the Omnibus Consolidated and Emergency Supplemental Appropriations Act, 1999 (Public Law 105-277)) to Auburn University for construction of a new forestry research facility.

SEC. 2002. Provides a 120 day period following publication of the National Academy of Sciences' report required by Section 120 of the Fiscal Year 1999 Department of the Interior and Related Agencies Appropriations Act for public comment on the proposed rule to revise 43 C.F.R. Part 3809, and the Draft Environmental Impact Statement on Surface Management Regulations for Locatable Mineral Operations.

SEC. 2003. Includes a provision permitting the Attorney General to make available up to \$4,300,000 from any funds available to the Department of Justice for the purpose of paying restitution to eligible individuals under the Civil Liberties Act of 1988 or the settlement agreement in the case of *Carmen Mochizuki et al. v. Funds shall be available only after the Attorney General notifies the Committees on Appropriations of the House of Representatives and the Senate in accordance with the provisions of Section 605 of the Fiscal Year 1999 Appropriations Act.

SEC. 2004. Clarifies the intent of Congress that the honey loan forfeiture program shall be carried out on a "no net cost" basis.

SEC. 2005. The amendment would extend the moratorium on the issuance of oil valuation regulations through the end of the fiscal year. The Committee believes that more time is needed in order to find a negotiated agreement on the rule.

SEC. 2006. The Committee has included a general provision to clarify that the \$2,200,000 appropriated in the 1999 VA, HUD, and Independent Agencies Appropriations bill, as cited on page 287, number 49, of the Conference Report shall be awarded to Wasatch

County, UT, which includes the Charleston County Water Conservancy District, and shall be for both water and sewer infrastructure.

SEC. 2007. Committee recommendation .....	- 285,000,000

The Committee recommends a rescission of \$285,000,000 from funds appropriated for the Food Stamp Program. Revised estimates of program funding requirements indicate that these funds will not be obligated and will expire at the end of the fiscal year.

CHAPTER 2

DEPARTMENT OF JUSTICE

OFFICE OF INSPECTOR GENERAL

(RESCISSION)

1999 appropriation to date .....	\$35,610,000

Committee recommendation .....	- 5,000,000

The Committee recommends a rescission of \$5,000,000 from funds previously appropriated for the Office of Inspector General (OIG). These funds are available due to the denial of a reprogramming in July 1998. The Committee notes the Department's failure to comply with the reprogramming process long used to address unfunded requirements. The Committee expects the Department to bring the OIG budget in line with funds appropriated in fiscal year 1999. The Committee will not approve similar reprogramming requests in fiscal year 1999. The Committee expects the Department to address future anti-deficiencies by transferring OIG staff to Departmental offices which are operating within their appropriations and have available funding for such staff. The Committee directs the Attorney General to report to the Committees on Appropriations on what actions will be taken to rectify this matter. This report should be provided not later than April 20, 1999.

CHAPTER 3

DEPARTMENT OF DEFENSE—MILITARY

Committee recommendation .....	- 209,700,000

The Committee recommends a rescission of \$209,700,000 from funds previously appropriated to Operation and Maintenance, Defense-Wide. During fiscal year 1999, cash balances in the Defense Working Capital Fund are projected to increase due to the lower than anticipated purchase cost of fuel, and are available to offset this reduction.

CHAPTER 4

BILATERAL ECONOMIC ASSISTANCE

FUNDS APPROPRIATED TO THE PRESIDENT

OTHER BILATERAL ASSISTANCE

The Committee recommends a rescission of \$10,000,000 to be drawn from unobligated funds for Haiti.

The Committee has recommended a rescission of \$10,000,000 to be drawn from unobligated balances for Bosnia and Herzegovina.

ASSISTANCE FOR THE NEW INDEPENDENT STATES OF THE FORMER SOVIET UNION

The Committee has recommended a rescission of \$10,000,000 to be drawn from unobligated balances for Russia.

CHAPTER 5

DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT

MANAGEMENT OF LANDS AND RESOURCES

(RESCISSION)

1999 appropriation to date .....	\$619,311,000
1999 rescission request .....	- 6,800,000
Committee recommendation .....	- 6,800,000

The bill rescinds \$6,800,000 appropriated in prior years for the Automated Lands and Minerals Records System (ALMRS) that exceed current requirements.

CHAPTER 6

DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE  
OPERATIONS

1999 appropriation to date .....	<sup>1</sup> \$180,933,000
1999 supplemental estimate .....	<sup>1</sup> - 5,700,000
Committee recommendation .....	<sup>1</sup> - 16,000,000

<sup>1</sup> Amounts represents contingency funding only.

The Committee recommends a reduction of \$16,000,000 in this account, which is \$10,300,000 more than the reduction requested by the President. The reduction is taken in the unemployment insurance contingency fund; the revised amount for the fund would be \$164,933,000. This fund is used to supplement the base administrative allocation to the states. Based on the continued low unemployment rates, the full amount of the contingency appropriations is not needed to fund State administrative workloads.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

ADMINISTRATION FOR CHILDREN AND FAMILIES

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

(DEFERRAL)

The Committee has included a deferral of \$350,000,000 in Temporary Assistance for Needy Families (TANF) funds until October 1, 2001. The TANF program provides fixed block grants to the States totaling approximately \$16,500,000,000 annually. These block grants have been provided to the States since fiscal year 1997 and will continue through fiscal year 2002. The Committee understands that many States have unobligated TANF balances that totaled \$3,000,000,000 to \$3,500,000,000 at the end of fiscal year 1998. Bill language has been included to ensure that the deferral of funds would come only from States having unobligated balances.

DEPARTMENT OF EDUCATION

EDUCATION RESEARCH, STATISTICS, AND IMPROVEMENT

(RESCISSION)

1999 appropriation to date .....	\$664,867,000
1999 rescission request .....	
Committee recommendation .....	- 8,000,000

The Committee recommends a rescission of \$8,000,000 from the Fund for the Improvement of Education within the Education Research, Statistics and Improvement account. The Committee is aware that only \$2,000,000 of the \$10,000,000 originally appropriated to conduct an evaluation of voluntary national test development is necessary in fiscal year 1999.

CHAPTER 7

DEPARTMENT OF DEFENSE

BASE REALIGNMENT AND CLOSURE ACCOUNT, PART IV

(RESCISSION)

1999 appropriation to date .....	\$1,203,738,000
1999 rescission request .....	
Committee recommendation .....	- 11,300,000

The Committee recommends a rescission of \$11,300,000 from funds previously appropriated from the Base Realignment and Closure Account, Part IV.

CHAPTER 8

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

COMMUNITY PLANNING AND DEVELOPMENT

COMMUNITY DEVELOPMENT BLOCK GRANTS

(RESCISSION)

1999 appropriation to date .....	<sup>1</sup> \$250,000,000
1999 rescission request .....	
Committee recommendation .....	- 313,600,000

<sup>1</sup> Amount represents emergency funding only.

The Committee recommends a rescission of \$313,600,000 from the emergency community development block grants (CDBG) fund account which includes a rescission of carryover funding from fiscal year 1998. Instead, the Committee is transferring the responsibility for the emergency funding of unmet needs in Presidentially-designated disaster areas to the Federal Emergency Management Agency (FEMA). The Committee remains concerned over HUD's failure to respond to emergency disaster needs in a prompt manner as well as its failure to establish appropriate requirements and criteria, including procedures to ensure accountability, for the award of these emergency CDBG disaster funds as required by law. The failure of HUD to establish these program requirements and criteria has been a continuing problem throughout the history of emergency CDBG funding. The Committee believes that FEMA is in a far better position to award disaster funds both quickly and appropriately.

INDEPENDENT AGENCY

ENVIRONMENTAL PROTECTION AGENCY

SCIENCE AND TECHNOLOGY

(RESCISSION)

1999 appropriation to date .....	\$109,450,000
1999 rescission request .....	
Committee recommendation .....	- 10,000,000

The Committee recommends a rescission of \$10,000,000 from the Climate Change Technology Initiative. These funds were provided in the fiscal year 1999 Omnibus Appropriations bill (Public Law 104–277), in addition to \$99,450,000 provided in the fiscal year 1999 VA, HUD, and Independent Agencies Appropriations bill (Public Law 104–276) for this initiative. The amount remaining for this program for fiscal year 1999 represents an increase of \$10,020,000 above the prior year level, which is consistent with the recommendations made by the Conference Committee on the fiscal year 1999 VA, HUD, and Independent Agencies Appropriations bill.

#### GENERAL PROVISIONS, THIS TITLE

SEC. 3001. The Committee recommends the repeal of chapter 1, title V of Division B of Public Law 105–277.

SEC. 3002. The Committee recommends a rescission of \$343,000,000 from funds appropriated with an emergency designation in division B of Public Law 105–277, other than those appropriated to the Department of Defense—Military. This represents a reduction of 5 percent of the non-DOD funds contained in division B. Within 30 days of the enactment of this bill the Director of OMB shall submit to the Committees on Appropriations a listing of the amounts by account of the reductions made pursuant to this section.

SEC. 3003. The Committee recommends a rescission of \$100,000,000 from funds appropriated for fiscal year 1999 for the nondefense discretionary category from savings resulting from revised economic assumptions from inflation adjusted accounts. Within 30 days of the enactment of this bill the Director of OMB shall submit to the Committees on Appropriations a listing of the amounts by account of the reductions made pursuant to this section.

SEC. 3004. Requires the HUD Inspector General and GAO to conduct an audit of HUD to assess the extent the Department has been in compliance with the HUD Reform Act of 1989 over the last two years. The IG and GAO are required to issue a preliminary report to the Congress on this assessment within 6 months and a final report within 12 months.

#### TITLE IV—TECHNICAL CORRECTIONS

SEC. 4001. (a) Corrects statutory citations; (b) clarifies that the provision is permanent law; (c) corrects a section reference; and (d) corrects a Public Law citation.

SEC. 4002. Corrects typographical errors.

SEC. 4003. Changes due dates for GAO reports.

SEC. 4004. Amends Fiscal Year 1999 Interior and Related Agencies Appropriations Act to make technical corrections to certain U.S. Code references, public law citations, and dollar amounts.

SEC. 4005. The bill contains technical corrections for the Departments of Labor, Health and Human Services and Education, and Related Agencies Appropriations Act, 1999. Clarifying language is included in the following areas: the Federal Unemployment Benefits and Allowances account within the Department of Labor; General Department Management, Children and Families Services Programs, and the Public Health and Social Services Emergency Fund within the Department of Health and Human Services; Special Education, Education Reform, Vocational and Adult Education, Higher Education, Education Research, Statistics, and Improvement, and Reading Excellence within the Department of Education. A technical correction is also made within Title V of the Act, and Title VIII is also amended to clarify language under the Stewart B. McKinney Homeless Assistance Act.

SEC. 4006. Corrects typographical error.

SEC. 4007. Makes technical correction to the Legislative Branch Appropriations Act, 1999.

SEC. 4008. Amends Division B, Title I, Chapter 3 of the Omnibus Consolidated and Emergency Supplemental Appropriation Act, 1999, to include Hurricane Georges.

SEC. 4009. The bill contains technical corrections for the Department of Transportation, Federal Transit Administration capital investment grants, clarifying the scope of certain bus and bus facilities projects.

SEC. 4010. The bill contains technical corrections for the Department of Transportation Federal-Aid Highways Ferry Boat and Ferry Terminal Facility Program, increasing the obligation limitation from \$38,000,000 to \$59,280,000, to reflect the sum of both fiscal years' 1998 and 1999 program funding levels. This is necessary because the Federal Highway Administration solicited applications for this program in June 1998, and planned to consolidate both years' funding together when the agency released the discretionary ferry grants. There is no scoring impact associated with this obligation limitation increase.

SECS. 4011 and 4014. To correct citation errors in the conference report.

SEC. 4012. The Committee has included a provision amending section 113 of the Fiscal Year 1999 Commerce, Justice, and State,

the Judiciary, and Related Agencies Appropriations Act to include corporations established pursuant to the Alaska Native Claims Settlement Act which provide social services to Alaska Natives.

SEC. 4013. Would incorporate provisions relating to the administrative costs and oversight of the Denali Commission and would clarify the compensation of the Federal cochairperson of the Denali Commission.

COMPLIANCE WITH PARAGRAPH 7(C), RULE XXVI OF THE  
STANDING RULES OF THE SENATE

Pursuant to paragraph 7(c) of rule XXVI, the Committee ordered reported the accompanying bill, subject to amendment and subject to section 302(b), by recorded vote of 28–0, a quorum being present.
