MEMORANDUM FOR See DISTRIIBUTION

SUBJECT: Fiscal Year (FY) 2019 Army Ground Reimbursement Rates

1. Enclosed are the Fiscal Year (FY) 2019 Army Ground Reimbursement Rates that have been developed by the Deputy Assistant Secretary of the Army for Cost and Economics (DASA-CE) and deemed sufficient to support the Army's standard business processes.
2. The rates were developed by retrieving, analyzing, and normalizing cost data from multiple data sources with the goal of establishing reimbursable rates for commonly requested Army vehicles and systems listed by their specific Line Item Numbers (LINSs). The reimbursable rates considered costs for reparable and consumable parts, fuel and crew salary resulting in a combined daily rate. Personnel costs were calculated using the Department of Defense Military Personnel Composite Standard Pay and Reimbursement Rates. Additionally, rates include daily vehicle depreciation based on the LOGSA vehicle cost and estimated useful life. The reimbursable rates for each vehicle are shown with and without personnel.
3. The FY 2019 Army Ground Reimbursement Rates are valid through September 30, 2019. They will also be published on the Army Financial Management and Comptroller website, <https://www.asafm.army.mil> on the Documents & Resources tab under "Cost and Economics." They are also available on the DASA-CE Cost & Performance Portal under "Cost Estimating Tools & Information."
4. For any Army vehicle rate not included in the enclosure please contact us for specific rate information. My point of contact for this review is Mr. Breon Mitchell at (703) 692-7388.
