MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Fiscal Year 2018 Ground Reimbursable Rates

1. I have reviewed the subject of the Army's Fiscal Year 2018 Ground Reimbursable Rates and find them sufficient to support the Army's standard business processes.
2. The 2018 Ground Reimbursable Rates were developed for 87 commonly requested Army vehicles, and systems, by specific Line Item Numbers (LINs). The Deputy Assistant Secretary of the Army Cost and Economics (DASA-CE), is responsible for retrieving, analyzing, and normalizing the cost data from multiple data sources to develop the reimbursable rates. The primary goal is to establish a reimbursable rate for each vehicle per day without personnel, and each vehicle per day with personnel. The ground reimbursable rate considers costs for reparable parts, consumable parts, and Petroleum Oil and Lubricant (POL) per mile cumulating to a total daily combined rate. Additionally, rates consider vehicle depreciation per day, based on the LOGSA vehicle cost, and an estimated useful life. Finally, the personnel cost per day are calculated using the Department of Defense Personnel Reimbursable Rates for 2018. These rates will be published on the DASA-CE Portal the week of 10 October 2017.
3. For any vehicle rates required by Army units not included in the enclosure, please reach out to DASA-CE for specific rate information.
4. The Fiscal Year 2018 Ground Rates are valid for the period of October 1, 2017, until September 30, 2018.
5. This memo goes into effect immediately after it is signed. The rates in the enclosure will be published on the Army Financial Management and Comptroller site at <https://www.asafm.army.mil/>.
6. My point of contact for this review is Mr. Breon Mitchell at (703) 692-7388.

A handwritten signature in black ink, reading "Stephen G. Barth", is positioned above the typed name.

Stephen G. Barth  
Deputy Assistant Secretary of the Army  
(Cost and Economics)
