SAFM-CE

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Deputy Assistant Secretary of the Army for Cost and Economics (DASA-CE)
update to the Student Base Operations (BASOPS) Annual per Capita Rate (pCR)

1. The Student BASOPS Annual pCR has been revised for FY 2019 and thus supersedes the rates published 9 June 2017.
2. The Student BASOPS Annual pCR is used to support the Training Resource Arbitration Panel (TRAP) cost estimating. The TRAP makes Execution and Budget year adjustments to student training requirements as set forth in the Army Program for Individual Training (ARPRINT).
3. The FY 2019 Student BASOPS Annual pCR for Army Sustainment Command (ASC) provided services is \$2,714 per student-year and for Installation Management Command (IMCOM) provided services is \$2,585 per student-year. These rates are in Base Year 2019 and should be updated with current OMA inflation rates until superseded.
4. My point of contact for this action is Mr. David Molinari, david.p.molinari.civ@mail.mil.

Mr. Stephen G. Barth
Deputy Assistant Secretary of the Army
(Cost and Economics)
