I. Description of Operations Financed:

ECHELONS ABOVE BRIGADE (EAB) - Provides funding for critical support functions required to establish and sustain a Corps' war-fighting capability. These units provide support to Operating Tempo (OPTEMPO) training, certification and reclassification, whether individual or collective, in every event conducted during the mandatory gates of the Army Force Generation (ARFORGEN) cycle. Temporary civilian over hires are also necessary to provide unit support to deployed Military Technicians (MILTECHs).

Subcategory: Unit support for Deployed MILTECHs	\$0	\$0	\$2,900	\$2,900

a. **Narrative Justification:** As units and individual Army Reserve Soldiers mobilize, those that serve in Military Technician (MT) positions leave their Army Reserve civilian MT position to perform their military duties. As Army Reserve civilian employees, these MTs continuously receive their civilian benefits they are entitled to while mobilized. These benefits include civilian/military leave requested, retirement contributions, and health and life insurance costs. In cases where the unit that the MT performs his/her civilian function does not deploy as a whole, or where the civilian function is still required, temporary civilian over hires are necessary to ensure unit mission accomplishment. FY12 funding supports 61 temporary employees.

b. **Explanation of Change between FY 2011 and FY 2012:** Beginning in FY 2012, several programs are migrating from SAG 135 therefore the increase from FY11 to FY12 represent the transfer of the above program from SAG 135 into SAG 113. The cost of this program in FY11 is \$3,512K as reflected in SAG 135. Decrease in funding supports 61 temporary employees in FY12 versus 80 in FY11.

a. **Narrative Justification:** OPTEMPO pays to conduct all aspects of training to include Direct OPTEMPO (Repair Parts, Fuel, Stock Funded Depot Level Repairables) and Indirect OPTEMPO (Travel, Per Diem, Contractual Services, Transportation, Tactical Maintenance, Stock Funded Modification Table of Organization and Equipment (MTOE) Supply and Equipment). The OPTEMPO program support training in every event conducted during the mandatory gates of the ARFORGEN cycle. Direct OPTEMPO provides the necessary items of issue for maintenance of equipment conducted by units and by the 41 centralized maintenance and storage sites in preparation for deployment. Also provides lodging for Soldiers that live outside the normal commuting distance of the unit.

I. Description of Operations Financed:

FORCE READINESS OPERATIONS SUPPORT - Funding provides key activities with essential training and operational readiness for Land Forces supporting Operation Enduring Freedom (OEF). Operational readiness support includes resources for the Battle Command Training Center responsible for pre-mobilization training certification to include air/ground ambulance support during mobilization training. Resources will also support the Ready Response Reserve Unit (R3U) to increase medical readiness classifications of Army Reserve Soldiers thus increasing mission readiness. In addition, Medical/Health Services support the Post Deployment Health Reassessment Program (PDHRA) provided to post-deployment Soldiers.

1. CBS Category/Subcategory: 2.0 Medical Support/Health Services	\$0	\$0	\$550	\$550
Subcategory: Post Deployment Health Reassessment Program (PDHRA)	\$0	\$0	\$550	\$550

a. **Narrative Justification:** The Post Deployment Health Reassessment support proactive health screening for Soldier 90 to 180 days post-deployment from OEF. PDHRA focuses on behavioral and physical health issues that may emerge over time after deployments and is essential to the RESET phase of the Army Force Generation (ARFORGEN) cycle and re-integration of the war fighter. The PDHRA screening assessments facilitate and identify behavior health needs through mitigation of high-risk populations in collaboration with current suicide awareness initiatives. The screening consists of three parts: Resiliency/Stress Management Training, the PDHRA questionnaire, and a one-on-one conversation with a health care provider. The PDHRA process follows the mandated Post Deployment Health Assessment program. The 1998 NDAA directed DoD to establish a system to assess the medical condition of service members serving on overseas contingency missions.

b. **Explanation of Change between FY 2011 and FY 2012:** Beginning in FY 2012, several programs are migrating from SAG 135 therefore the increase from FY11 to FY12 represent the transfer of the above program from SAG 135 to SAG 121. The cost of this program in FY11 is \$1,600K as reflected in SAG 135. Program decrease reflects an adjusted amount to coincide with the average execution rate for FY08-10.

Subcategory: Subcategory: Pre-mobilization Training and Support - (Battle Command Training Center)	\$0	\$0	\$14,900	\$14,900

a. **Narrative Justification:** Resources pre-mobilization training certification support costs. This requirement covers the costs of training aids and devices, fuel, and other supporting services. In addition, resources the Battle Command Training Center used to train leadership skills and funds up to 50 civilians to support the 75th Division Battle Command Training Center. These contracted employees concentrate on building, and integrating training exercises and their supporting simulations and networks. Conducts training in a highly intensive information technology environment and will require the maximum use of Army Battle Commands Systems, and other systems, training aids, devices, and simulations or simulators.

Subcategory: Pre-mobilization Training and Support - (Ready Response Reserve Unit (R3U))	\$0	\$0	\$1,400	\$1,400
<p>a. <u>Narrative Justification:</u> The R3U is a program designed to test a method for gaining assured, predictable access to Reserve Component (RC). The program enables execution of short or no notice missions and known surge requirements by placing Soldiers on Active Duty for Operational Support (ADOS) orders vice mobilization. The Army Reserve R3U program directly supports mission to increase the medical readiness classification (MRC) of the RC Soldiers. There are approximately 7500 profiles in the reserve systems that need to be processed. Additionally, Reserve Soldiers in remote locations and stationed throughout CONUS and OCONUS are currently limited in their access to qualified dental care. This significantly affects the mobilization status of units in the mobilization phase of the ARFORGEN cycle. The R3U program's mission is to increase MRC of the Reserve Component by augmenting traditional processes thereby eliminating the backlog and increasing mission readiness. The R3U Dental Mission Support Element (MSE) is a 25-pax team with limited expanding capabilities that can be employed intact or as smaller self-sustaining units to support fluid dental missions. The focus of FY12 will be the Soldier Readiness Processing sites (Ft Dix, Ft McCoy and Ft Hunter Liggett). The unit will utilize enablers (e.g., dental vans, dental facilities, etc.) to provide care to Troop Program Unit (TPU) Soldiers.</p>				
<p>b. <u>Explanation of Change between FY 2011 and 2012:</u> Beginning in FY 2012, several programs are migrating from SAG 135 therefore the increase from FY11 to FY12 represent the transfer of the above program from SAG 135 into SAG 121. Subcategory: Pre-mobilization Training and Support - (Reclassification)	\$0	\$0	\$3,850	\$3,850
<p>a. <u>Narrative Justification:</u> The Army Reserve conducts reclassification training for soldiers who mobilize ahead of their units, receive alert notification of a potential mobilization, or deploy as individuals to backfill positions for units deploying. These soldiers train in critical MOSs deemed necessary by the Theater Commanders. Funding supports instructor and administration costs for training of approximately 1100 Soldiers.</p>

Base Operations Support (BOS) is vital in all aspects of training and readiness; operating and maintaining Installations and Reserve Centers that serve as power projection platforms; and provides essential programs that promote quality of life for our Soldiers and their Families. Expenses funded in this SAG include Pre-mobilization training support to trainers located at the Regional Training Centers (RTCs) and Combat Support Training Centers (CSTCs) and Property Book Officer (PBO) teams. Additionally, resources supporting the Yellow Ribbon Reintegration Program (YRRP) provide crucial information and services to Army Reserve Soldiers and their Families throughout the duration of the mobilization cycle.

Subcategory: Yellow Ribbon Reintegration Program (YRRP)	\$0	\$0	\$32,400	\$32,400
a. <u>Narrative Justification:</u> Provides Army Reserve Soldiers and their Families with crucial information and services supporting health and well-being as mandated in the 2008 National Defense Authorization Act (NDAA). The YRRP helps to ensure Soldiers and Spouses are receiving the essential care and support they require during this highly stressful time, especially with the unfortunate increase in military suicide rates. As the program continues to mature to include provisions of childcare and meals, more Family members will attend multiple events. More participation along with an increase in marketing tools will elevate program costs.				
b. <u>Explanation of Change between FY 2011 and 2012:</u> Beginning in FY 2012, several programs are migrating from SAG 135 therefore the increase from FY11 to FY12 represent the transfer of the above program from SAG 135 into SAG 131. The cost of this program in FY11 is \$25,000K as reflected in SAG 135. Program increase reflects a growth in participation and marketing for the YRRP.				
Subcategory: Pre-mobilization Training and Support - Military Occupation Specialty Qualification (MOSQ)	\$0	\$0	\$11,300	\$11,300
a. <u>Narrative Justification:</u> Funding provides for travel and per diem costs associated with attendance at various required professional development or duty qualification training for Army Reserve Soldiers in a mobilized active duty status.				
b. <u>Explanation of Change between FY 2011 and FY 2012:</u> Beginning in FY 2012, several programs are migrating from SAG 135 therefore the increase from FY11 to FY12 represent the transfer of the above program from SAG 135 into SAG 131. There were no requirements in FY11 therefore a program increase reflects the implementation of an incremental training requirement for MOSQ.

	<u>FY 2010</u> <u>Actual</u>	<u>FY 2011</u> <u>Total</u>	<u>Delta</u>	<u>FY 2012</u> <u>Total</u>
a. <u>Narrative Justification:</u> To support requirements for validating trainers needed to ensure that Army Reserve Soldiers meet personnel readiness mobilization requirements. In FY12, as a result of the shift in training from Post to Pre-mobilization, the Army Reserve determined that the number of incremental training dates is 21 days at the RTCs, and up to 60 days of total pre-mobilization training. The cost to generate the required training at the three RTC and CSTC locations, Fort Hunter Liggett, Fort Dix and Fort McCoy is \$28.5M. These costs include the RTC operational expenses and the contractual expenses for the Civilians on the Battlefield (COBs).				

b. **Explanation of Change between FY 2011 and FY 2012:** Beginning in FY 2012, several programs are migrating from SAG 135 therefore the increase from FY11 to FY12 represent the transfer of the above program from SAG 135 into SAG 131. The cost of this program in FY 11 is \$24,000K as reflected in SAG 135. Program growth reflects an increase in pre-mobilization training days at the CSTCs and RTCs.

Subcategory: Pre-mobilization Training and Support - Property Book Officer (PBO) Teams	\$0	\$0		\$9,300
\$9,300				

a. **Narrative Justification:** To provide deployable Theater and Expeditionary Commands with contract property book augmentation support for property accountability, asset visibility, and equipment management to improve their logistics posture to train, mobilize, and deploy forces for OCO. The additional funding pays for 65 contractors located at 17 different commands throughout the Army Reserve. These contractors provide property accountability, command overview of assets and records, management, and provide property accountability support to the PBOs and to the commands.

b. **Explanation of Change between FY 2011 and FY 2012:** Beginning in FY 2012, several programs are migrating from SAG 135 therefore the increase from FY11 to FY12 represent the transfer of the above program from SAG 135 into SAG 131. The cost of this program in FY11 is \$10,900 as reflected in SAG 135.

Subcategory: Pre-mobilization Training and Support - Air Ambulance	\$0	\$0	\$3,000	\$3,000
--------------------------------------------------------------------	-----	-----	---------	---------

a. **Narrative Justification:** One-hour Air Ambulance transportation support on Fort Hunter-Liggett (FHL), CA is necessary for movement of a trauma victim injured during High Risk Mobilization Training (HRT) to an Advanced Life Support Trauma Center. The closest facility is over 100 miles from the FHL training area and requires 2.5 hours ground travel time. This is an essential life support service necessary to ensure safe conduct of mobilization training for our deploying forces. This additional funding also supports the incremental funding of dining facility operations, training aid/supplies, range operating supplies and equipment and emergency medical supplies. In addition, supports incremental refuse removal and pest control contracts.

I. Description of Operations Financed:

Resources provide for missions conducted in Afghanistan, the Horn of Africa, and the Philippines in support of Operation Enduring Freedom (OEF). The Operations and Maintenance, Army Reserve (OMAR) appropriations execute the majority of its funding for pre and post mobilization training performed throughout the mandatory gates of the ARFORGEN cycle. Force related training at Combat Training Centers (CTCs) in preparation for deployment requires fuel and repair parts to maintain the tactical equipment necessary to sustain training. Other areas of support include temporary civilian over hires to backfill deployed military technicians, medical and dental readiness classifications, training qualification, certification and reclassification of personnel, air and ground ambulance support and property book officer teams. Yellow Ribbon events support the Soldiers and their Families by providing the necessary care and support throughout the duration of the mobilization cycle including administering post deployment health reassessments to service members' who served an overseas contingency mission for evaluation of their current medical conditions.
