SECTION 2 INTRODUCTION AND PERFORMANCE MEASURES

DEPARTMENT OF THE ARMY JUSTIFICATION OF ESTIMATE FOR FISCAL YEAR 2014

INTRODUCTORY STATEMENT

The Reserve Personnel, Army (RPA) appropriation provides pay, allowances, and benefits for full-time Active Guard and Reserve (AGR) support and part-time Reserve soldiers performing duty in several training categories to include Inactive Duty Training (Battle Assemblies), Annual Training, and Active Duty Training. As an enduring operational force, the Army Reserve is the premier force provider of America's Citizen-Soldiers for planned and emerging missions at home and abroad. Enhanced by civilian skills that serve as a force multiplier, we deliver vital military capabilities essential to the Total Force. Hence, in accordance with Title 10 of the U.S. Code, the US Army Reserve "provides trained units and qualified personnel available for active duty in time of war or national emergency." The appropriation supports the National Military Strategy by providing trained, equipped and ready soldiers and cohesive units to meet global requirements across the full spectrum of operations.

The consistent and recurring demand for Army Reserve capabilities during this decade has posed significant challenges for a force previously organized and resourced as a strategic Reserve. In response, the Army Reserve recast itself from a part-time strategic Reserve role to a fully integrated and critical part of an operational, expeditionary Army. We are developing the means to achieve affordable, predictable and assured access to the Army Reserve for the full range of assignments in the homeland and abroad. The FY14 budget accomplishes the following in support of the Army's Title 10 functions:

- (1) Maintains an all volunteer force by continuing to retain and recruit high-quality soldiers;
- (2) Funds the Army Reserve End Strength of 205,000;
- (3) Fully resources RC training to 39 days; 15 days Annual Training (AT) and 24 days of Inactive Duty Training (IDT), 48 Battle Assemblies;
- (4) Funds Full-Time Support with AGRs, and
- (5) Provides quality services and support to soldiers and their Families.

The RPA appropriation sustains an end strength objective of 205,000 Troop Program Unit (TPU), AGR, and Individual Mobilization Augmentee (IMA) Soldiers. This appropriation supports recruiting, accession, and retention of quality officer and enlisted personnel capable of meeting the demands of the 21st century. It also provides institutional training programs to support individual professional development skill qualifications such as initial entry training (IET), duty military occupational specialty qualification (DMOSQ), and Noncommissioned Officer and Officer professional education.

The Army Reserve was not originally designed or equipped for the prolonged operational capacity for which it has been used over the last nine years. The increased demands of today's operational tempo environment, coupled with foreseeable stresses on the force, have forced the continued transformation from a strategic reserve to an operational force by streamlining command and control structure, standing down non-deployable support commands and establishing operational and functional commands.

These changes require more specialized capabilities in Army Reserve core competencies: medicine, transportation, supply, civil affairs, military police, engineers, intelligence, and chemical, among others. These changes will expand the Army Reserve's supply of Combat Support and Combat Service Support operational units under the Army Force Generation (ARFORGEN) process. The Army Reserve will realign almost 27,000 spaces between FY 2010-2015 to validated Army requirements that provide capabilities that support future Deployment Expeditionary Force and Contingency Expeditionary Force missions, including Defense Support to Civil Authorities when required. In FY 2014, 14 units and 2,186 spaces will transform as a result of activations, conversions and reorganizations. The following provides yearly details on transformation actions:

<u>YEAR</u>	<u>UNITS</u>	<u>SPACES</u>	TYPE UNITS
FY10	60	5428	Chemical, Engineer, Military Police, Quartermaster & Transportation
FY11	73	7658	Engineer, Military Police, Quartermaster & Transportation
FY12	42	4071	Military Police, Quartermaster & Transportation
FY13	37	6125	Engineer, Logistics Headquarters & Quartermaster
FY14	14	2186	Quartermaster
FY15	16	1515	Engineer & Transportation

Management Characteristics of RPA

RPA is a single-year appropriation that funds Soldier pay and allowances, recruiting and retention incentives, subsistence, uniforms, permanent change of station (PCS) costs, retired pay accrual, and death gratuity benefits. Entitlements are set by statute with the biggest cost drivers being the average number of full-time Soldiers on duty and the number of man-days performed by part-time reserve Soldiers. Other factors that heavily influence funding requirements include participation rates, percentage of married personnel, attrition and reenlistment rates, and new personnel policies.

Other Budget Drivers

- The FY 2013 and FY 2014 military pay raises effective on January 1 are 1.7% and 1.0%, respectively.
- The nominal cost percentages used to calculate payments to the military retired pay fund are 32.1% for AGRs in 2013 and 32.4% in 2014; 24.4% for TPUs in FY 2013 and 24.5 % in FY 2014.
- The rate increase for subsistence (indexed to the annual changes in the US Department of Agriculture food plan) effective January 1 is 1.1% in FY 2013 and 3.4% in FY 2014. Basic Allowance for Housing growth is 3.9% in FY 2013 and 3.9% in FY 2014.

RESERVE PERSONNEL, ARMY Fiscal Year (FY) 2014 Budget Estimate Submission Performance Measures and Evaluation Summary

Activity: Reserve Personnel, Army

Activity Goal: Provide trained, equipped, and ready Soldiers and cohesive units to meet global requirements across the full spectrum of operations.

<u>Description of Activity</u>: The Reserve Personnel, Army appropriation provides resources necessary to provide trained units and qualified personnel in national emergencies and as national security requires. The Reserve also fills the needs of the Armed Forces whenever more units and persons are needed by the Active components to achieve planned mobilization.

Performance Measures:

	FY 2012	FY 2013	FY 2014
	Actual	Planned	Planned
Average Strength	203,746	206,278	205,947
End Strength	201,166	205,000	205,000
Authorized End Strength	205,000	205,000	

The measure of success of the goal to "Provide trained, equipped, and ready Soldiers and cohesive units to meet global requirements across the full spectrum of operations" is to maintain strength equal to or plus/minus 2% of our congressionally mandated End-Strength Objective (ESO). The Army Reserve ESO is 205,000 and the 3% Secretary of Defense variance provides an operating window between 198,850 and 211,150.

There are a number of factors that contribute to the Army Reserve End Strength (ES). These factors include recruiting, reenlistment and attrition. While success in these factors does not guarantee that the Army Reserve will meet its ESO, they are carefully monitored as leading indicators to the health of the Army Reserve strength posture. The FY 12 through FY 14 goals for these factors are as follows:

	FY 2012	FY 2013	FY 2014
Goal for Accessions	26,262	28,711	33,800
Goal for Reenlistments	14,377	18,000	14,000
Attrition Rate	18.5%	18%	18%

RESERVE PERSONNEL, ARMY PAY GROUP A INCREASES AND DECREASES (IN THOUSANDS OF DOLLARS)

FY 2012	FY 2013	FY 2014
<u>Actual</u>	Estimate	Estimate

PART I - PURPOSE AND SCOPE

These funds are requested to provide for the officer and enlisted personnel assigned to Troop Program Units (TPUs) in the Army Reserve for Annual Training (AT) and Inactive Duty Training (IDT). The funding provides pay and allowances, clothing, subsistence, retired pay accrual, Federal Insurance Contributions Act (FICA), and travel. This program provides for the collective training of a ready and relevant force.

FY 2014 includes an increase of \$33.7 million in Annual Training in support of an operational reserve force as well as an increase of \$86.6 million to support expected average strength and participation rate changes. Program decreases include -\$3.3 million for clothing allowances and -\$4.6 million for subsistence due to historic underexecution in these areas. Funding of the operational reserve force supports additional individual and collective training for the soldiers and units in the ARFORGEN cycle that have not been identified as deploying but will be part of the available and ready force pool should the need for additional deployers arise. Readiness will be achieved by the creation of training events and environments such as Warrior Exercises (WAREX) and Combat Support Training Exercises (CSTX) that train soldiers to a level of training readiness in order to provide a steady stream of Army Reserve soldiers to the trained and ready force pool each year.

Pay and Allowances, Annual Training for an Operational Reserve: This paragraph represents a break-out of the Annual Training funds in support of an operational reserve. This funding is also included in Part II - Justification of Funds Requested as part of the overall Annual Training request. Typically, soldiers performing Annual Training as part of the operational reserve will execute an additional six days of Annual Training. These funds support additional individual and collective training for the soldiers and units in the ARFORGEN cycle that have not been identified as deploying but will be part of the available and ready force pool should the need for additional deployers arise. These additional training days are over and above the statutory fourteen (14) days for Annual Training (as required by U.S.C., Title 10, Section 10147). The dollar rate is a daily rate which includes base pay, retired pay accrual, basic allowance for housing, basic allowance for subsistence, and FICA.

Annual Training (AT) – Funding provides pay and allowances for officers and enlisted soldiers attending Annual Training (AT) as required by U.S.C., Title 10, § 10147. All TPU members must serve on active duty for training for not less than 14 days, exclusive of travel, during each year.

Inactive Duty Training (IDT) – Inactive Duty Training consists of any authorized training, instruction, or duty (other than Active Duty for Training) performed by TPU members. As specified in Title 10, U.S.C., § 10147, a unit member will attend forty-eight (48) unit drill assemblies annually. To supplement this training, selected members participate in three types of Additional Drill Assemblies: Additional Training Assemblies (ATAs), Readiness Management Assemblies (RMAs), and Additional Flight Training Periods (AFTPs). Additional Drill Assemblies improve readiness by providing individuals and units with the required training to attain and maintain designated readiness levels.

Additional Training Assemblies (ATAs) – Funding provides ATAs for units, components of units, and individuals to conduct additional wartime or assigned mission training. The number of ATAs shall not exceed twelve (12) each fiscal year for any individual.

RESERVE PERSONNEL, ARMY PAY GROUP A INCREASES AND DECREASES (IN THOUSANDS OF DOLLARS)

Readiness Management Assemblies (RMAs) – Readiness Management Assemblies are used to support ongoing day-to-day operations of the unit such as unit administration, training preparation, support activities, and maintenance functions. The number of RMAs shall not exceed twenty-four (24) each fiscal year for any individual.

Additional Flight Training Periods (AFTPs) – AFTPs are authorized for primary aircrew members to conduct aircrew training and combat crew qualification training to attain and maintain aircrew flying proficiency and sustain required readiness. The number of these training periods shall not exceed twenty-four (24) each fiscal year for any aircrew member.

<u>Funeral Honors Duty Status</u> – Funeral Honors Status is used to support the preparation and performance of military funeral honors. The ceremonial paying of respect is a final demonstration of the country's gratitude to those who, in times of war and peace, have faithfully defended our Nation. The military funeral honors ceremony consists of, at a minimum, the folding and presentation of the American flag and the sounding of Taps by a detail of two uniformed members of the Military Services.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Pay and Allowances, Annual Training: These funds are requested to provide for the pay and allowances of personnel attending annual training. The average strength accommodates the increases and decreases to the end strength throughout the year. The dollar rate is an annual rate which includes base pay, retired pay accrual, basic allowance for housing, basic allowance for subsistence, and FICA. The participation rate increases from FY 12 to FY 14 due to a decrease in expected mobilizations and an increased tendency for mobilized personnel to perform their AT and IDT prior to or after returning from mobilization.

Pay and Allowances, Inactive Duty Training (IDT): These funds are requested to provide for the pay and allowances of personnel attending inactive duty for training, to include battle assemblies, additional training assemblies, readiness management assemblies for key personnel, and additional flight training assemblies for aviators and flight crew members. The average strength shown for unit training reflects gains and losses to end strength throughout the year. The dollar rate is an annual rate which includes base pay, retired pay accrual, and FICA. The dollar rate for all types of additional training periods include the same pay and allowances authorized for unit training assemblies. The participation rate for IDT has shown a steady increase in the last three years of execution due to decreases in mobilization and a tendency for mobilized personnel to attend their IDT both before and after mobilization. These trends are expected to continue to increase participation rates for enlisted and keep officer participation rates stable through FY14.

The initial allowance is paid to newly commissioned officers upon completion of 15 days active duty or active duty for training. The initial issue for enlisted personnel consists of a modified clothing bag provided to all prior service accessions with a 90-day break in service. The replacement issue for enlisted personnel provides funds to permit an exchange of clothing on an issue-in-kind basis for normal wear and tear.

<u>Subsistence of Enlisted Personnel</u>: These funds provide subsistence for enlisted personnel while on annual training (average 15 days per person) and inactive duty training (average 24 days per person).

While on annual training, enlisted personnel are provided subsistence-in-kind in the unit dining facilities. The cost of these field rations is called the Basic Daily Food Allowance as determined by a DoD Food Cost Index. If the unit does not have a dining facility or individuals are unable to eat in the dining facility because of mission requirements, operational rations called Meals, Ready-to-Eat (MRE) are issued to feed those personnel. The annual training subsistence rates are shown in a daily rate equivalent.

While on inactive duty training with two assemblies in the day, enlisted personnel are authorized one meal, normally the noon meal.

<u>Travel, Annual Training</u>: These funds are requested to provide for travel and per diem allowances for personnel to perform annual training. Individual travel provides for the use of personal or commercial vehicles when it is the most cost effective means of travel or when it is not feasible to use another means of travel. Commercial contract transportation is used to transport units that do not have the necessary organic capability to transport themselves; buses and trains are normally used. Military airlift and/or chartered flights provide the necessary transportation for units that perform annual training overseas to include transporting the unit within CONUS, between ports, to the training site, and for the return trip.

PART I - PURPOSE AND SCOPE

Program costs include pay and allowances, FICA, retired pay accrual, and training travel (excludes TDY from unit/activity of assignment to TDY point and return) for officer and enlisted Individual Mobilization Augmentee (IMA) personnel assigned to the IMA program.

The program provides pre-trained and fully qualified personnel to fill specifically designated positions in the Joint Chiefs of Staff, Unified Commands, Department of Defense (DoD), Department of the Army (DA) agencies, and Active Component units in the event of a crisis or mobilization. All IMA positions are in the Selected Reserve and subject to Presidential Reserve Call-Up (PRC). To ensure the readiness of the IMA Program, Soldiers are provided both annual training days and inactive duty training days. IMA personnel train annually with their proponent agencies in the specific positions in which they will serve upon declaration of a national emergency. This highly specialized program ensures that these Reserve Soldiers will be able to serve effectively as soon as they report to their mobilizations. Upon mobilization, IMA personnel can also be assigned to Active Component units required to deploy to a theater of operations. IMA positions are identified by proponent agencies and gaining units as being required for mobilization and must be properly documented in a Mobilization Table of Distribution and Allowances (MOBTDA) approved by the Army G-3.

In FY 2014, program increases include \$3.2 million due to an increase in expected average strength for Annual Training and \$0.3 million for an increase in travel due to historic overexecution. There is also a program decrease due to expected strength and participation r ate changes in Inactive Duty Training.

Annual Training (AT) – A normal period of active duty for training consists of 12 days, exclusive of travel, to be performed by all members of Pay Group B. This training is usually performed at the proponent agencies and gaining units. IMA Soldiers may be allowed to perform additional annual training to participate in exercises and overseas training. Total IMA AT days cannot exceed 29 days per fiscal year.

Inactive Duty Training (IDT) – Inactive Duty Training consists of any authorized training, instruction or duty (other than active duty for training) performed by members of Pay Group B. IMAs are authorized to attend up to a maximum of forty-eight (48) training assemblies per year.

PART I - PURPOSE AND SCOPE

This program provides for the pay and allowances, clothing, travel, and retired pay accrual for all non-prior service Army Reserve enlistees to attend Initial Active Duty for Training (IADT). The training programs offered include regular training, alternate training, and the Army Civilian Acquired Skills Program (ACASP). Upon completion of any of these programs, the enlistee becomes qualified in their Military Occupational Specialty (MOS). Soldiers are required to have this training in order to deploy.

The regular training program consists of a ten-week Basic Combat Training (BCT) phase immediately followed by an Advanced Initial Training (AIT) phase of variable length (79 days average).

The alternate training program (known as the split training option) provides the same training as the regular training program, but the BCT and AIT phases are not consecutive. Upon completion of BCT, the enlistee returns to his unit until his scheduled AIT date, which must be within one year of completing BCT. This program accommodates Soldiers who are unable to leave their jobs or school for long periods of time.

The Army Civilian Acquired Skills Program (ACASP) provides a variable length program for those individuals who enlist with specific skills that are easily adapted to military service. The training is tailored to the individual and normally includes the basic military skills and specific MOS skills required to ensure that the graduates are fully qualified.

In FY 2014, there is a program increase of \$7.3 million due to an expected increase in the number of non-prior service enlistments which will lead to an increase of soldiers attending IADT. Program decreases include -\$7 million in clothing allowances and -\$2.7 million in travel pay due to historic underexecution of these entitlements.

PART I - PURPOSE AND SCOPE

The program provides for the pay and allowances, subsistence, and retired pay accrual of Non-Prior Service (NPS) enlistees assigned to Troop Program Units (TPU) for attending Inactive Duty Training (IDT) prior to completion of their Initial Active Duty for Training (IADT). Soldiers in this pay group can only perform 36 drill assembly periods. Under the provisions of Title 10, U.S.C., § 12103, each enlisted person shall perform an initial period of active duty for training to commence, when possible, within 270 days after the date of that enlistment.

In FY 2014, there will be an estimated average of 4,343 Soldiers awaiting IADT each month. Historically, the IDT participation rate of these Soldiers is greater than 80% and the increase in FY 2014 reflects an increased number of participants based on the expected increase in overall average strength.

PART I - PURPOSE AND SCOPE

Program costs for this activity include all pay, allowances, travel and per diem, retired pay accrual and Active Duty for Training (ADT) travel from home to the first duty station and return for officer and enlisted personnel of the Individual Ready Reserve (IRR). The Army Reserve will have an estimated 66,300 IRR Soldiers in FY 2014. The Secretary of the Army IRR Transformation Plan beginning in FY 2013 will reach out to all IRR Soldiers expecting that approximately one-third of them will attend either a one day Soldier Readiness Processing (SRP) exercise annually, an in-person TPU level screening, or a virtual on-line screening muster. IRR Soldiers may also elect to perform a 12 day sustainment training tour. This program enhances Troop Program Unit (TPU) training by utilizing selected IRR personnel working in their mobilization specialties to fill Selected Reserve (SELRES) annual training support requirements and other Army Reserve (AR) activities. IRR Soldiers who perform tours of duty provide essential support for the accomplishment of specified AR missions, projects or exercises, and usually receive training benefit from the tours while working in their mobilization specialties.

Specific objectives of the Mobilization Training Program are to:

- 1. Provide professional developmental and mobilization specialty training of IRR personnel in the grades, specialties, and numbers required to meet Total Army mobilization requirements.
- 2. Ensure that IRR members have their critical mobilization skills and specialties identified, developed, validated, and maintained.
- 3. Assist in the timely identification, reclassification, and re-qualification of IRR members whose grades and specialties are excess to the Army's projected mobilization requirements.
- 4. Retain more IRR members qualified to serve effectively upon mobilization.
- 5. Maintain IRR members' mobilization specialties to ensure an accurate match with wartime skills required by the Army's current state-of-the-art equipment, tactics, and doctrine.

In FY 2014, there is a price increase of \$85 thousand and a small program increase of \$71 thousand due to an expected increase in participants.

<u>IRR Sustainment Training</u>: Periods of voluntary duty during which Individual Ready Reserve (IRR) Soldiers serve with Active or Reserve Component units in positions appropriate to their grade and mobilization specialty. This training takes place under field conditions wherever possible, providing realistic hands-on training in wartime skills and ensures participating IRR members' familiarity with doctrine, tactics, and equipment of today's Army. Provides funding to improve and maintain the readiness level of IRR Soldiers identified in the IRR Affiliation Program (IAP).

Program costs for this activity include all pay, allowances, retired pay accrual costs, travel, and per diem from home of record to the first duty station and return for officer and enlisted personnel assigned to Troop Program Units (TPU) attending Army Service School/college courses in an Active Duty for Training (ADT) status. Specific objectives of this activity are to provide AR TPU Soldiers with formal school training critical to achieving mobilization proficiency, professional development training, enhanced leadership skills, and MOS specific wartime missions. Army Reserve personnel are authorized to attend Army Service schools, other service schools, civilian education institutions, and other training organizations in an ADT status for skill qualification and career development.

In FY 2014, the School training program decreases by \$10.4 million to reflect decreased requests for training seats. In addition, there are some shifts in the sub-programs for School training that coincide with the expected training needs for FY14. Initial Skill Acquisition Training is expected to decrease as the Army Reserve completes its transformation and most Soldiers have been trained in their new skill sets. Increased funding is requested in Leader Development Training as redeploying Soldiers require these courses to be eligible for promotion and positions of increased responsibility. Also, there is an increase in the request for Enlisted Refresher and Proficiency Training to assist Soldiers with maintaining proficiency in their military occupation specialty.

<u>Leader Development Training</u>: Provides deliberate, continuous, sequential, and progressive military professional education programs of varying lengths. Instruction and training lead to the AR Soldier's professional and special skill qualification. This training occurs at Army Service Schools, other service schools, and civilian education institutions. Leader Development Training is expected to increase through FY 14 as redeploying soldiers require these courses to be eligible for promotion and positions of increased responsibility.

Initial Skill Acquisition Training: Provides training to acquire initial military and/or specialty skills. The skills include initial skill training of newly commissioned officers and retraining of enlisted personnel in other required Military Occupational Specialty (MOS) fields. Supports immediate qualification of separating or recently separated Active Army, Army National Guard, or personnel from other services in new specialties appropriate to the positions in which they have enlisted in local AR TPUs. Includes advanced technical and qualification training appropriate to each AR Soldier's prior qualifications (experience and training) and to potential assignments within the Selected Reserve. Training is conducted primarily in Army Service Schools, Total Army School System (TASS) battalions, and other service schools as appropriate. Training may also include New Equipment Training (NET) taught at the unit. Specific course selection and length are dependent upon the skill or specialty. This activity supports all personnel currently assigned to AR TPUs other than non-prior service personnel on Initial Active Duty Training (IADT) in Pay Group F. In FY 2014, Initial Skill Acquisition Training is expected to decrease as the Army Reserve completes its transformation and most soldiers have been trained in their new skill sets.

PART I - PURPOSE AND SCOPE

Program costs for this activity include pay, allowances, retired pay accrual, and travel from home to the first duty station and return for tours of Active Duty for Training (ADT) and Active Duty for Operational Support (ADOS) performed by Army Reserve personnel assigned to Troop Program Units (TPUs). These tours support projects and programs related to the Army Reserve and serve to maintain and improve individual mobilization skill proficiency and unit readiness. TPU Soldiers who perform tours of ADOS provide essential support for the accomplishment of specified Army Reserve missions, projects, and exercises, which could not be accomplished otherwise.

In FY 2014, the Special training program decreases by \$21.6 million. The major program decreases are in Exercises (-\$7 million) and Operational Training (-\$27.5 million). These funds are partially offset by a program increase in Management Support of \$37.4 million (\$25.3 million moves from Operational Training in a technical correction to properly account for instructor support to training institutions and \$12.1 million is provided to support an Operational Reserve as described in the next paragraph). Recruiting increases by \$3.6 million in order to put effort into recruiting those active component (AC) soldiers affected by the AC drawdown. Also, in FY 2014, the tour lengths for each type of special training have been adjusted to reflect an average of the past three execution years in order to provide more accuracy.

<u>Special Training in support of the Operational Reserve:</u> Provides full time equivalent support, incremental installation support and training support mandays resulting from increased training operations in order to support additional administrative workload associated with the training events and exercises incorporated in the operational reserve training strategy. Specifically, this funding pays for the myriad of additional support required to plan, organize and host the training events and exercises to include supply, transportation, human resources, finance and other administrative functions required to successfully support the Soldiers who will participate in the training.

Also includes AT evaluation and site support, training and exercise support (not participation), marksmanship and other competitive events (not direct participation) support, Total Army School Systems (TASS) battalion instructor and staff support, conferences/workshops, military funeral honors support. Funding supports missions or projects directed for Army Reserve accomplishment by DA or higher authority such as Civil Engineering Support Plan (CESP) development, Civil Affairs projects, participation in study groups and duty with the DA Staff to accomplish Army Reserve related projects. High execution in FY12 is due to execution of OCO funding. In FY14, Management Support is increased to continue support of the Operational Reserve and to properly realign instructor support for training institutions from Operational Training to provide greater fidelity for this function.

The training includes Warrior task training, rotations at Combat Support Training Centers for units preparing for their wartime tasks and can be conducted at overseas training locations. The types of training Soldiers receive consists of mobilization/deployment training, language/cultural training, Readiness training, Aviation mission training, Nuclear, Biological Chemical (NBC) training (other than exercises and schools), Anti-terrorism/Force Protection Training, and Consequence Management Training.

PART I - PURPOSE AND SCOPE

Active Guard and Reserve (AGR) Personnel

The program funds pay and allowances, retired pay accrual, uniform allowances, subsistence, and permanent change of station travel (including PCS with TDY en-route) costs of Army Reserve officers and enlisted personnel serving on active duty as authorized by Title 10, United States Code, Chapter 1209.

The AGR Soldier is an Army Reserve member serving on active military duty in the Full Time Support (FTS) Program. AGR Soldiers provide direct support to prepare Army Reserve units for their wartime mission. The AGR Soldier works full time for the purposes of organizing, administering, recruiting, instructing, or training Army Reserve Soldiers and units. AGRs keep reserve units filled with qualified personnel and contribute significantly to AR readiness.

In FY 2014, there is a program increase of \$2.2 million for AGR Cost of Living Allowance due to historic overexecution. There were program decreases in AGR clothing allowances of \$6.2 million due to historic underexecution and AGR pay and allowances of -\$1.1 million due to a decrease in the expected average strength.

Administrative Programs

Incentives

Funds requested provide for payment of two types of Reserve Incentives: Health Professions Incentives and Selected Reserve Incentives. The Army Reserve Incentives programs are decreasing due to policy changes that synchronize the incentive program with the ARFORGEN cycle and target specific critical grades and MOS. Each category's requirements are summarized below:

Health Professions Incentives (HPI): Funds requested support the Specialized Training Assistance Program (STRAP) stipend, Health Professions Loan Repayment Program (HPLRP), and Health Professions Special Pay Program. These incentives are offered to attract and retain healthcare professionals in critical demand, and are summarized as follows:

Specialized Training Assistance Program (STRAP): Section 16201, Chapter 1608, Title 10 United States Code (U.S.C.), provides for the Specialized Training Assistance Program (STRAP). STRAP consists of a monthly stipend equivalent to the amount authorized by the Secretary of Defense for members of the Health Professions Scholarship program. The stipend provides financial assistance to persons engaged in specialized training for a health profession determined to be a critical wartime shortage by the Secretary of Defense. The total amount of financial assistance an officer may receive while engaged in specialized training is determined by the service obligation for which the officer contracted on enrollment into STRAP.

<u>Health Professions Loan Repayment (HPLR) Program</u>: Section 16302, Chapter 1609, Title 10 U.S.C. provides for repayment of outstanding loans: made, insured, or guaranteed through a recognized financial or educational institution; used to finance education in a health profession determined to be a critical wartime shortage by the Secretary of Defense; and secured after 1 Oct 75. Per NDAA FY09 the maximum amount paid under Active duty HPLRP (per Section 2173, Chapter 109, Title 10 U.S.C.) is determined annually by the Secretary of Defense (currently \$40K per year).

Health Professions Special Pay Program: Section 302g, Chapter 5, Title 37 provides for special pay to attract and retain health professionals in the Selected Reserve for a health profession determined to be a critical wartime shortage by the Secretary of Defense. Per NDAA FY07 the maximum annual special pay amount is \$25,000.

Selected Reserve Incentive Program (SRIP): Chapter 5, Title 37 U.S.C. provides for the payment of cash bonuses to selected officer and enlisted members. Bonuses are summarized below:

AGR Selective Reenlistment Bonus (SRB): The AGR Reenlistment bonus is offered to those Soldiers who reenlist for a period of three or six years while serving in a critical skill in the AGR program. The AGR SRB rate is up to \$10,000 for a 3-year commitment or up to \$20,000 for a 6-year commitment for Soldiers serving in a critical skill MOS. The bonus is paid 50% at the time of re-enlistment, with the balance being paid in installments on the anniversary date of the reenlistment.

Non-Prior Service Enlistment Bonuses (NPS EB): Soldiers must enlist for three, four or six years in a Troop Program Unit, be a high school graduate and become military occupational specialty qualified to receive the NPS EB. The bonus is capped at a maximum of \$20,000, to those Soldiers enlisting in primary and mobilization vacancies only for critical skills and priority units. For those Soldiers enlisting under the Army Civilian Acquired Skills Program, the bonus will not exceed the maximum of \$20,000. Bonuses are paid 50% payment at award of Military Occupational Specialty (MOS) and with the balance paid in installments on their MOS award anniversary date.

Enlisted Affiliation Bonus (AB): The Enlisted affiliation Bonus is offered to soldiers transitioning from Active Duty or the Individual Ready Reserve, who affiliate with an Army Reserve Troop Program Unit (TPU) in their existing MOS. The Enlisted Affiliation Bonus (EAB) rates are up to \$15,000 for a 6-year commitment, up to \$7,500 for a 4-year commitment, or up to \$5,000 for a 3-year commitment. The EAB may be offered to a Regular Army (RA), IRR, or Active Guard or Reserve (AGR) Soldier, or a prior service applicant, who chooses to affiliate for service in a TPU of the SELRES, if eligibility criteria are met. The EAB will not be authorized for transfer to an IMA position. Bonuses are paid 50% payment at time of affiliation with a TPU unit with the balance paid in installments on their affiliation anniversary date.

<u>Prior Service Enlistment Bonus (PSEB)</u>: The Prior Service Enlistment Bonus (PSEB) rates are up to \$10,000 for a 6-year commitment and up to \$5,000 for a 3-year commitment. The PSEB may be offered to a RA or AGR Soldier, who is being discharged or released from active duty, and who chooses to enlist for continued service in a Troop Program Unit (TPU) of the Selected Reserve (SELRES), if eligibility criteria are met. Additionally, a civil-life gain applicant, with prior service, may also be eligible for the PSEB.

Reenlistment Bonus (RB): The reenlistment bonus is offered to those soldiers reenlisting in a critical skill in the Selected Reserve. RB rates for TPU first term members are up to \$15,000 for a 6-year commitment or up to \$7,500 for a 3-year commitment; additionally, the rate for careerists is up to \$10,000 for a 6-year commitment and up to \$5,000 for a 3-year commitment. First Term RB is lump sum or installments. Career RB is only issued in installments. All RB are paid on effective date of contract, i.e. 1 day after current ETS.

Student Loan Repayment Program (SLRP): Soldiers must enlist/reenlist for three or six years in a critical MOS. The program repays 15 percent of the original outstanding loan balance and accrued interest not paid by the Department of Education or \$500, whichever is greater, up to a maximum of \$1,500 after each year of satisfactory service. No payment will exceed the amount required to liquidate the loan up to the dollar amount authorized (\$10,000 or \$20,000), whichever is less.

Officer Accession Bonus: This program offers a \$10,000 lump sum payment to newly accessed commissioned and warrant officers. The officers must serve in certain critical shortage fields and accept an AR commission.

Officer Affiliation Bonus: This program offers a \$10,000 lump sum payment to commissioned and warrant officer transitioning from the AC to the RC. The officers must become qualified in certain critical shortage fields and make a six-year SELRES service commitment.

MOS Conversion Bonus: Program provides a lump sum payment of \$2,000 to Soldiers who voluntarily elect to reclassify from an overage MOS to a shortage MOS. Payment is made once Soldiers receive their MOS award letter.

<u>Critical Skills Retention Bonus (CSRB):</u> This program allows payment of non-obligated Soldiers, in designated critical skills and units, to make a three-year service commitment to the AR. Payment is up to \$20,000, paid in a lump sum or 50% payment on written agreement and the remaining installment payment on the second anniversary date of the agreement. The Critical Skills Retention Bonus will be discontinued in FY 2014.

<u>Death Gratuities:</u> The funds requested provide the payment of death gratuities to beneficiaries of deceased Army Reserve military personnel, under the provisions of Title 10, United States Code, Chapter 75, if member dies:

- (1) While on inactive duty training;
- (2) From an injury that occurred while traveling directly to or from inactive duty training; or
- (3) Within 120 days after discharge or release from active duty training, if the Administrator of Veterans' Affairs determines that death resulted from an injury incurred or aggravated while performing, or traveling directly to or from such training.

<u>Disability and Hospitalization Benefits:</u> Entitlement is contained in Title 10 U.S.C. Chapter 60, 1206 and Title 37 U.S.C. Section 204 and 206. The funding provides payment for members of the Army Reserve who suffer from injury or disability or who contract disease in the line of duty, while performing active or inactive duty. Soldiers are entitled to hospitalization and pay and allowances during their incapacitation or until such time they are found fit for duty or processed through the Disability Evaluation System (DES). A member who is separated for physical disability due to injury which was the proximate result of the performance of such duty, is entitled to severance pay if determined to be less than 30% disabled or medical retirement if determined over 30% disabled, if otherwise qualified under appropriate personnel regulations.

Incentive Program: Funds provide for payment for two types of Selective Reserve Incentives: Health Profession Incentives and Selective Reserve Incentives. In FY 2014, there is a decrease in the Health Professions Incentives of \$2.7 million due to a decrease in expected recruiting needs and a decrease in the Selective Reserve Incentives of \$49.6 million due to policy changes synchronizing incentives with the ARFORGEN cycle and targeting specific critical grades and MOS. Each incentive category's requirements are summarized below:

<u>Health Professionals Incentives:</u> Funds support the Specialized Training Assistance Program (STRAP) stipend, Health Professions Loan Repayment Program (HPLRP), Health Professions Recruiting Bonus, and Health Professions Retention Bonus. PART I - PURPOSE AND SCOPE

Funds are for payment to the Department of Defense Education Benefits Fund, which is a trust fund. The program is governed by Title 10, United States Code, Chapter 1606 and Chapter 1607. All individuals enlisting, reenlisting, or extending for not less than six years in the Selected Reserve on or after July 1, 1985, except those who have received a commission from a Service Academy or completed a ROTC scholarship program, are eligible to receive Chapter 1606 educational assistance benefits. The FY05 National Defense Authorization Act added a new benefit for RC members who serve in a mobilized status, retroactive to September 11, 2001. This Reserve Education Assistance Program (REAP) mobilization benefit is defined in Chapter 1607, and pays a variable percentage of the Active Component Montgomery GI Bill (MGIB) benefit, based on length of mobilization. Individuals must also meet initial training and high school diploma or equivalency requirements and maintain satisfactory participation in the Selected Reserve (SELRES). NDAA 2008 now allows Soldiers to separate from the SELRES under certain criteria and maintain their REAP Chapter 1607 benefit for a period of 10 years. Additionally, all mobilization periods of active service since September 11, 2001 now count toward an "aggregate" benefit monthly payout level. Cost estimates are actuarially based and reflect eligibility estimates adjusted by an estimate of ultimate benefit utilization and partially offset by an estimate of interest earned on investments of the Education Benefits Fund. Postgraduate level education is now made available to those service members who have earned an undergraduate degree. The MGIB-SR Chapter 1606 program provides funds applicable to one of four levels of educational pursuit. These levels are \$350.00 per month for each month of full-time educational pursuit of a program of education: \$246 per month for each month of three guarter-time pursuit of a program of education; \$175.00 per month for each month of half-time pursuit of a program of education; and \$87.50 per month for a less than half-time pursuit of a program of education. The REAP Chapter 1607 mobilization benefit provides 40% of the AC benefit for Soldiers mobilized for 90 days but less than one continuous year; 60% of the AC benefit for Soldiers mobilized more than 1 year but less than 2 years; and 80% of the AC benefit for Soldiers mobilized more than two years or an aggregate of three years or more. The Chapter 1606 or 1607 benefit does not require the Soldier to contribute to the fund. Additionally, Soldiers in selected critical skills or high priority units are eligible for the Chapter 1606 MGIB-SR Education Assistance Allowance increase or "MGIB-SR" of up to \$350.00 per month; and the REAP Chapter 1607 benefit includes a Buy-up Program, as a Soldier may contribute up to an additional \$600 to the GI Bill to receive increased monthly benefits.

In FY 2014, there is a decrease of \$18.4 million due to a change in the Department of Defense actuary board rates.

PART I - PURPOSE AND SCOPE

This budget program provides funds for officers to participate in the Armed Forces Health Professions Scholarship and Financial Assistance Programs (HPSP & FAP) in accordance with Title 10 United States Code, chapter 105, sections 2120 through 2127. HPSP is the Army's primary source of physicians and dentists. The objective of this program is to provide, in conjunction with other health professional officer acquisition programs, a sufficient number of trained personnel to support the Army Medical Department in its health care mission. HPSP participants pursuing a course of study shall serve on active duty in pay grade 01 or the highest grade held prior to enrollment in the program with full pay and allowance of that grade for a period of 45 days during each year of participants are detailed as students at accredited civilian institutions located in the United States or Puerto Rico, for the purpose of acquiring knowledge or training in a designated health profession. In addition, under regulation prescribed by the Secretary of Defense, program participants receive military and professional training and instruction. Except when serving on active duty, a program participant is entitled to a monthly stipend at a rate established annually by the Secretary of Defense. Participants incur a 2 to 4 year service obligation in the active component with the remaining service in the Individual Ready Reserve. NDAA FY08 modified HPSP by authorizing the Secretary of Defense to allow for an accession bonus to HPSP & FAP participants.

NDAA FY90-91 modified HPSP by adding the Financial Assistance Program (FAP). FAP provides financial assistance to physicians and dentists in specialized training. Specialities will vary depending on Army requirements. FAP members pursuing specialized training shall serve on active duty in a pay grade commensurate with their education level with full pay and allowances of that grade for a period of 14 days during each year of participation in the program.

In FY 2014, there is a program decrease of \$4.0 million due to an expected decrease in strength. In addition, there is an administrative transfer of \$4.1 million from pay and allowances to travel to properly account for the travel entitlement.

Army Nurse Candidate Program (ANCP): Section 2130a, Chapter 105, Title 10 USC provides for ANCP. ANCP targets nurse candidates in the junior and senior year of their Bachelors of Science in Nursing (BSN) program for accession contracting for four to five years of active duty, and a total of eight years military service. NDAA FY09 increased the maximum bonus amount from \$10,000 to \$20,000 and increased the maximum monthly stipend from \$1,000 to the same amount authorized by the Secretary of Defense for HPSP.

Stipend: The funds provide for an annual stipend to participants in the program. Stipend amount is determined annually by the Secretary of Defense in accordance with Section 2121d, Chapter 105, Title 10 USC.

Individual Clothing and Uniform Allowances: These funds provide for the initial clothing and uniform allowances under the provisions of 37 U.S.C. 415 and 416, to participants for the procurement of required uniforms.

Pay and Allowances, Active Duty for Training: These funds provide active duty for training for a period of 45 days annually for HPSP and 14 days for FAP participants.

Travel, Active Duty for Training: These funds provide for transportation and per diem of actual participants attending active duty for training at medical care facilities.

PART I - PURPOSE AND SCOPE

This program provides funds for officers to participate in the Chaplain Candidate Program. The objective of this program is to provide a sufficient number of trained personnel to support the Army Chaplaincy in its pastoral care and religious ministry mission. Members must be either full-time seminary students, or seminary graduates awaiting ecclesiastical endorsement and/or ordination. Members receive military and professional training and instruction in accordance with appropriate regulations during participation in the program. Upon completion of the program, participants are qualified as Army Chaplains and assigned to either the Active or Reserve Component.

There is a decrease of \$0.7 million from the FY 2013 President's Budget to the FY 2014 President's Budget due to a decrease in the expected strength.

Chaplain Officer Basic Course (CHOBC): Training is required in order to qualify officers commissioned as Chaplain Candidates (staff specialists) for future service as US Army Chaplains in either the Active or Reserve Component. This budget program funds Chaplains commissioned in the Army Reserve to attend CHOBC.

<u>Chaplain Active Duty for Training Practicum (CADT):</u> Members of this program serve on active duty with full pay and allowances up to 42 days during each year of participation in the program. Costs include pay and allowances, travel and per diem.
