MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Updated Fiscal Year (FY) 2022 Army Fixed-Wing and Helicopter Reimbursement Rates

1. Enclosed are the updated FY 2022 Army Fixed-Wing and Helicopter Reimbursement Rates that have been developed by the Deputy Assistant Secretary of the Army for Cost and Economics (DASA-CE) and deemed sufficient to support the Army's standard business processes. These rates were deemed necessary due to the ongoing increases in the fuel market cost for refined fuel products. We will make adjustments to the reimbursable rates as required throughout the remainder of FY2022.
2. The rates were developed by retrieving, analyzing, and normalizing cost data from multiple data sources with the goal of establishing reimbursable rates for each aircraft in four categories (DoD customers, Other Federal Agencies, Foreign Military Sales and Public) in accordance with DoD Financial Management Regulation Volume 11A, Chapter 6, Appendices E and G. The reimbursable rates considered costs for fuel, depot maintenance, contract logistics support, reparable and consumable parts, and crew salary resulting in a combined hourly rate. Personnel costs were calculated using the Department of Defense Military Personnel Composite Standard Pay and Reimbursement Rates.
3. The FY 2022 Army Fixed-Wing and Helicopter Reimbursement Rates are valid for the period of October 1, 2021, through September 30, 2022. They will also be published on the Army Financial Management and Comptroller website, <https://www.asafm.army.mil>, on the Rates and Guidance tab under *Cost and Economics*. They are also available on the DASA-CE Cost & Performance Portal under *Cost Estimating Tools & Information*.
4. For any Army aviation rates not included in the enclosure please contact us for specific rate information. My point of contact for this review is Mr. Breon Mitchell, Chief Unit Mission Costing Division at (703) 692-7388 or breon.a.mitchell.civ@army.mil.

Stephen B. Loftus
Deputy Assistant Secretary of the Army
(Cost and Economics)
