FINANCIAL MANAGEMENT AND COMPTROLLER
109 ARMY PENTAGON
WASHINGTON DC 20310-0109

SAFM-CE

23 January 2025

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Deputy Assistant Secretary of the Army for Cost and Economics (DASA-CE) update to the Student Base Operations (BASOPS) Annual per Capita Rate (pCR)

1. Revised Student BASOPS Annual pCR for FY 2025 which supersedes the rates published 20 May 2021.
2. The Training Resource Arbitration Panel (TRAP) uses the Student BASOPS Annual pCR to support resourcing decisions. The TRAP makes Execution and Budget year adjustments to student training requirements as set forth in the Army Program for Individual Training (ARPRINT).
3. The FY 2025 Student BASOPS Annual pCR for Army Sustainment Command (ASC)-provided services is \$3,056 per student, and for Installation Management Command (IMCOM)-provided services is \$1,996 per student. These rates are only to be used in a manner consistent with paragraph 2; applying them for other purposes is not an appropriate use and may yield skewed results. These rates are in Base Year 2025 dollars and should be updated with current Operations and Maintenance - Army (OMA) inflation rates until superseded.
4. My point of contact for this action is Mr. Christopher Ponge,
christopher.w.ponge.civ@army.mil.

Stephen B. Loftus
Deputy Assistant Secretary of the Army
(Cost and Economics)
