

Enterprise Business Systems Convergence – EBS-C

EBS-C is the Army's largest business modernization effort ever. **EBS-C will enable integrated & auditable logistics and financial management operations, improve readiness, enhance user experience, reduce ownership costs, and provide real-time data.** Through these improvements, EBS-C will support planning and decisions from the strategic support area to the tactical edge of the battlefield.

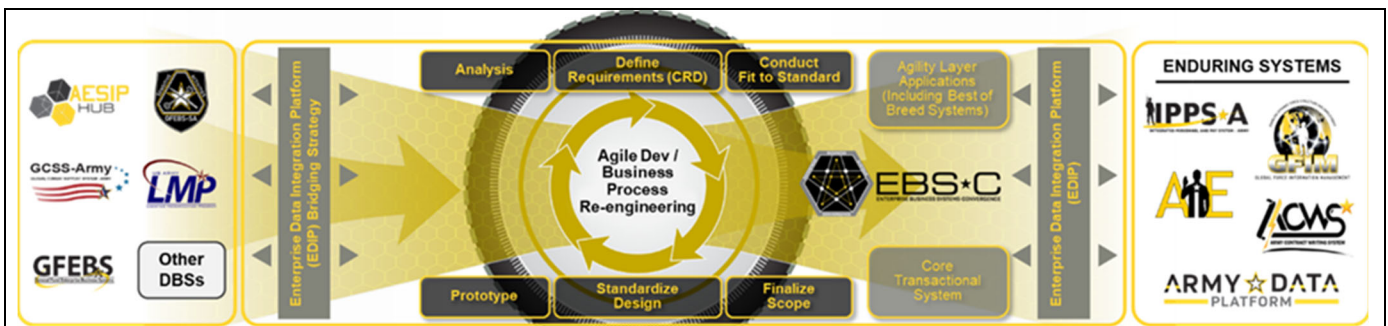

<p>EBS-C will provide sweeping improvements to Logistic and Financial Business processes across the enterprise. Specifically, it will:</p> <ul style="list-style-type: none"> • Re-engineer business processes against commercial best practices to reduce customization and related costs, providing cost savings and ROI for the Army • Streamline the logistics supply chain across numerous classes of supply • Serve as the Army's authoritative source for financials and auditability • Provide a solution that can adapt to changing conditions at the speed of conflict • Provide Army an opportunity to sunset numerous other defense business systems 	<table border="1"> <tr> <td data-bbox="1101 451 1226 546"> <p>5 in 1 system</p> </td> <td data-bbox="1242 451 1490 546"> <p>EBS-Convergence will merge multiple ERPs into one system.</p> </td> </tr> <tr> <td data-bbox="1101 567 1226 661"> <p>200K users</p> </td> <td data-bbox="1242 567 1490 661"> <p>The merged system will host more than 200K unique users across multiple commands.</p> </td> </tr> <tr> <td data-bbox="1101 682 1226 798"> <p>237M mods used</p> </td> <td data-bbox="1242 682 1490 798"> <p>Combining the ERP systems will result in users accessing various modules 237M times annually.</p> </td> </tr> </table>	<p>5 in 1 system</p>	<p>EBS-Convergence will merge multiple ERPs into one system.</p>	<p>200K users</p>	<p>The merged system will host more than 200K unique users across multiple commands.</p>	<p>237M mods used</p>	<p>Combining the ERP systems will result in users accessing various modules 237M times annually.</p>
